

January 24, 2017

Darlington Fabrics is now certified to the ISO 9001:2015 standard. This quality management system is applicable to the Design and Manufacture of Specialized Warp-Knit Fabrics.

We are proud to serve our customers through the well-defined and documented procedures that this certification represents. We have always been committed to quality in our products and services; this certification ensures a productive environment through faster identification and resolution of quality issues.

Achieving this ISO certification reinforces our commitment to our quality management system, continual improvement and customer satisfaction. We will monitor our business processes, and check for possible defects during and after any manufacturing or finishing process.

DNV-GL, an accredited quality and environmental management systems certification body, was our partner in the process to achieve our certification. We will continue to work with them to ensure our business management system continues to be as effective as possible.

Darlington Fabrics, <http://www.darlingtonfabrics.com>, a warp knit manufacturer, is a division of The Moore Company, founded in 1909 and still focused on innovation. Sister divisions include The George C. Moore Company, Fulflex, Moeller Marine and Moeller Plastics.

The Moore Company manufactures products in the United States. International manufacturing facilities complement domestic capabilities, while serving regional markets around the globe. For more information contact: Steven Perry 401-315-6346 or sperry@dfabrics.com
